

City of Burbank

APPLICATION TO REMOVE PERMIT PARKING

Procedure

1. The *Application Criteria* listed on this page must be circulated along with the petition to no less than 80% of the total residential dwelling units within the existing zone.
2. The petition must demonstrate (via signatures) that at least 2/3 of the total residential dwelling units within the existing zone support the removal of parking restrictions (only one adult signature per household).
 - If a resident opposes the petition, write “**Opposed**” in the signature space next to the address.
3. The petition sponsor must sign the perjury statement on each page of the petition before submitting it to the Public Works Department.

Criteria

1. The petition must demonstrate, via signatures, that the minimum 80% contact requirement has been met.
2. The petition must demonstrate, via signatures, that the minimum 2/3 support requirement has been met.

Process

Petition signatures must be verified to determine that minimum contact and support requirements have been met.

- Petitions failing to meet the minimum contact/support requirements cannot be considered, and will be returned to the petition sponsor for additional signatures as necessary.
- Residents will be notified of the determination.
